## Work Experience

### Senior Project Manager - Coordinator

04/2022 – today

#### Open Fiber S.p.A. | Marche Region | Ancona

- Head of Marche Region for the Ultra-Broadband project (Cluster C&D) and FTTH Open Fiber network development in black areas (Cluster A&B), managing a total budget of over 100 M€.
- Leading a team of 12 professionals.
- Overseeing Creation, Delivery and Assurance activities, and managing technical documentation.
- Coordinating Field Managers to ensure worksite safety and compliance with regulations and HSEQ standards.
- Managing relationships with Public Authorities, securing necessary permits and authorizations.
- Handling escalations and operational challenges with local stakeholders.

### Project Manager - FTTH Field Operations

06-2018 - 04/2022

#### Open Fiber S.p.A. | Ascoli Piceno Province

- Responsible for the Ultra-Broadband project in the province of Ascoli Piceno and, since March 2019, also for the black areas project.
- Supervised contractor companies to ensure compliance with deadlines, costs, and quality standards.
- Monitored key performance indicators (KPIs) and managed project reporting.
- Coordinated safety and construction site management.
- Managed relations with local authorities and handled permit applications for network development.
- Supervised suppliers, contractors, and service providers and designers for fiber optic network expansion.

### Project Manager - Planning & Design

01/2018 – 06/2018

#### New Changer S.r.l. | Rome

- Responsible for the network design of the Abruzzo and Molise Regions.
- Led a team of 10 professionals.
- Managed client relationships and presented weekly progress reports.
- Planned activities and supervised project execution to ensure cost optimization.

### PMO Consultant

10/2017 – 01/2018

#### New Changer S.r.l. | Consultant at Open Fiber, Pescara

- Field verification and updating of executive projects.
- Managed permit applications for public and private entities.
- Optimized costs while maintaining company targets.

### FTTH Network Designer, Accenture S.p.A.

05/2017 – 10/2017

#### Accenture S.p.A. | Rome

- Designed definitive and executive fiber optic networks.
- Developed technical documentation and metric computations (BOQ).
